

GFR α -4 Polyclonal Antibody

Catalog No :	YT1897
Reactivity :	Human;Rat;Mouse;
Applications :	WB;ELISA
Target :	GFR α -4
Gene Name :	GFRA4
Protein Name :	GDNF family receptor alpha-4
Human Gene Id :	64096
Human Swiss Prot No :	Q9GZZ7
Mouse Swiss Prot No :	Q9JJT2
Immunogen :	The antiserum was produced against synthesized peptide derived from human GFRA4. AA range:141-190
Specificity :	GFR α -4 Polyclonal Antibody detects endogenous levels of GFR α -4 protein.
Formulation :	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.
Source :	Polyclonal, Rabbit,IgG
Dilution :	WB 1:500 - 1:2000. ELISA: 1:10000. Not yet tested in other applications.
Purification :	The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.
Concentration :	1 mg/ml
Storage Stability :	-15°C to -25°C/1 year(Do not lower than -25°C)
Observed Band :	30kD

Background : The protein encoded by this gene is a member of the GDNF receptor family. It is a glycosylphosphatidylinositol(GPI)-linked cell surface receptor for persephin, and mediates activation of the RET tyrosine kinase receptor. This gene is a candidate gene for RET-associated diseases. Alternatively spliced transcript variants encoding different isoforms have been described for this gene. [provided by RefSeq, Jul 2008],

Function : alternative products:Additional isoforms seem to exist,function:Receptor for persephin. Mediates the GDNF-induced autophosphorylation and activation of the RET receptor. May be important in C-cell development and, in the postnatal development of the adrenal medulla.,similarity:Belongs to the GDNFR family.,tissue specificity:Predominantly expressed in the adult thyroid gland. Low levels also found in fetal adrenal and thyroid glands.,

Subcellular Location : [Isoform GFRalpha4a]: Cell membrane; Lipid-anchor, GPI-anchor.; [Isoform GFRalpha4b]: Cell membrane; Lipid-anchor, GPI-anchor.; [Isoform GFRalpha4c]: Secreted.

Expression : Predominantly expressed in the adult thyroid gland. Low levels also found in fetal adrenal and thyroid glands.

Sort : 6562

No4 : 1

Host : Rabbit

Modifications : Unmodified
