

GPR75 Polyclonal Antibody

Catalog No: YT2030

Reactivity: Human; Mouse

Applications: WB;IF;ELISA

Target: GPR75

Gene Name: GPR75

Protein Name: Probable G-protein coupled receptor 75

O95800

Q6X632

Human Gene Id: 10936

Human Swiss Prot

No:

Mouse Gene ld: 237716

Mouse Swiss Prot

No:

Immunogen: The antiserum was produced against synthesized peptide derived from human

GPR75. AA range:381-430

Specificity: GPR75 Polyclonal Antibody detects endogenous levels of GPR75 protein.

Formulation : Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.

Source: Polyclonal, Rabbit, IgG

Dilution: WB 1:500 - 1:2000. IF 1:200 - 1:1000. ELISA: 1:5000. Not yet tested in other

applications.

Purification: The antibody was affinity-purified from rabbit antiserum by affinity-

chromatography using epitope-specific immunogen.

Concentration: 1 mg/ml

Storage Stability: -15°C to -25°C/1 year(Do not lower than -25°C)

1/3

Observed Band: 59kD

Background: GPR75 is a member of the G protein-coupled receptor family. GPRs are cell

surface receptors that activate guanine-nucleotide binding proteins upon the

binding of a ligand.[supplied by OMIM, Jul 2002],

Function: function:Orphan receptor., similarity:Belongs to the G-protein coupled receptor 1

family.,tissue specificity:Expressed at high levels in brain and spinal cord and at detectable levels in retinal pigment epithelium. In situ hybridization of adult eye sections localized transcripts only to the perivascular cells, surrounding retinal

arterioles, in the ganglion cell/nerve fiber layer.,

Subcellular Location:

Cell membrane; Multi-pass membrane protein .

Expression: Expressed at high levels in brain and spinal cord and at detectable levels in

retinal pigment epithelium. In situ hybridization of adult eye sections localized transcripts only to the perivascular cells, surrounding retinal arterioles, in the ganglion cell/nerve fiber layer. Also expressed by islet cells (at protein level).

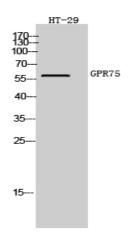

Sort : 7059

No4: 1

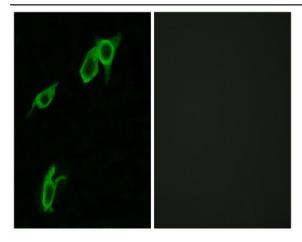

Host: Rabbit

Modifications: Unmodified
