

p52 S6 kinase Polyclonal Antibody

Catalog No :	YT3523
Reactivity :	Human;Mouse
Applications :	WB;IF;ELISA
Target :	p52 S6 kinase
Gene Name :	RPS6KC1
Protein Name :	Ribosomal protein S6 kinase delta-1
Human Gene Id :	26750
Human Swiss Prot No :	Q96S38
Mouse Gene Id :	320119
Mouse Swiss Prot No :	Q8BLK9
Immunogen :	The antiserum was produced against synthesized peptide derived from human RPS6KC1. AA range:231-280
Specificity :	p52 S6 kinase Polyclonal Antibody detects endogenous levels of p52 S6 kinase protein.
Formulation :	Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.
Source :	Polyclonal, Rabbit,IgG
Dilution :	WB 1:500 - 1:2000. IF 1:200 - 1:1000. ELISA: 1:20000. Not yet tested in other applications.
Purification :	The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.
Concentration :	1 mg/ml

Storage Stability : -15°C to -25°C/1 year(Do not lower than -25°C)

Observed Band : 117kD

Cell Pathway : Regulates Angiogenesis; Insulin Receptor; B Cell Receptor; AMPK

Background : catalytic activity:ATP + a protein = ADP + a phosphoprotein.,caution:Instead of Lys-820, Arg-820 is found at the binding site.,domain:The first protein kinase domain appears to be a pseudokinase domain as it does not contain the classical characteristics, such as the ATP-binding motif, ATP-binding site and active site.,function:May be involved in transmitting sphingosine-1 phosphate (SPP)-mediated signaling into the cell.,similarity:Belongs to the protein kinase superfamily. Ser/Thr protein kinase family. S6 kinase subfamily.,similarity:Contains 1 MIT domain.,similarity:Contains 1 PX (phox homology) domain.,similarity:Contains 2 protein kinase domains.,subcellular location:Also found in some small dot-like or ring-shaped early endosome structures.,subunit:Interacts with SPHK1 and phosphatidylinositol 3-phosphate.,tissue specificity:Highly expressed in testis, skeletal muscle, brain, heart, placenta, kidney and liver and weakly expressed in thymus, small intestine, lung and colon.,
