

Mc-Val-Cit-PABC-PNP

Catalog No :	MC0940
Casno :	159857-81-5
Molecularformula :	C35H43N7O11
Purity :	>97%
Target :	ADC Linker
Ic50 :	No data
Fields :	Mc-Val-Cit-PABC-PNP is a cathepsin cleavable ADC peptide linker. For example, FDA approved drug, brentuximab vedotin, adopts this linker.
Specificity :	Target: ADC Linker . Fields: Mc-Val-Cit-PABC-PNP is a cathepsin cleavable ADC peptide linker. For example, FDA approved drug, brentuximab vedotin, adopts this linker.
Source :	Rabbit
Dilution :	WB 1:500-2000
Concentration :	>97%
Storage Stability :	2 years -20°C Powder, 2 weeks 4°C in DMSO, 6 months -80°C in DMSO
Molecularweight :	737.76
Cell Pathway :	Antibody-drug Conjugate/ADC Related
P References :	[1]. Anti-cd70 antibody-drug conjugates and their use for the treatment of cancer and immune disorders
